A little room to read.

An original PDF for testing the reader.

Make space for the page

Good reading begins with fewer distractions.

This page includes real text, vector paths and color.

Use the toolbar to adjust the width or change the zoom.

One page at a time.

Go forward to see a landscape page.

Its blue panel also verifies pixel color conversion.

A wider view.

The reader adjusts each page to its own proportions.

Space to focus.

A real vector panel.

Blue stays blue at every zoom.

Read at your pace

Try zooming in and out.

Switch the interface to dark mode.

The document keeps its original colors.
